Lowercase Letter Bridges

A bridge from capitals to lowercase

For parents supporting ages 4-6. Choose by readiness: begin when the child recognises several capital letters, can follow a short direction with help and is ready to notice lowercase forms. Offer one page at a time.

What is in the full pack?

15 pages per size: this adult guide, 12 matching and writing activities covering all 26 uppercase-to-lowercase partners, and two adult answer pages. A4 and US Letter contain the same activities. This is matching and writing practice, not a full phonics course.

How to use a page

Say the capital letter and invite the child to point to its lowercase partner before drawing a bridge line. Finger-trace first, then trace the pale models and try the empty spaces. Finish with the partner hunt only if the child is comfortable.

Keep letterforms flexible

The pages use a simple printed Helvetica form. Schools and families may teach other recognisable handwritten forms, especially a, g and y. Accept a valid local style. Matching has a fixed answer; handwriting does not have one perfect shape.

Printing and permission

Print the matching paper size at 100% / actual size. Black-and-white interior; no cutting or special supplies. Use a pencil with adult supervision. Personal household printing only; no resale, redistribution or classroom duplication. Mandatory consumer rights remain.

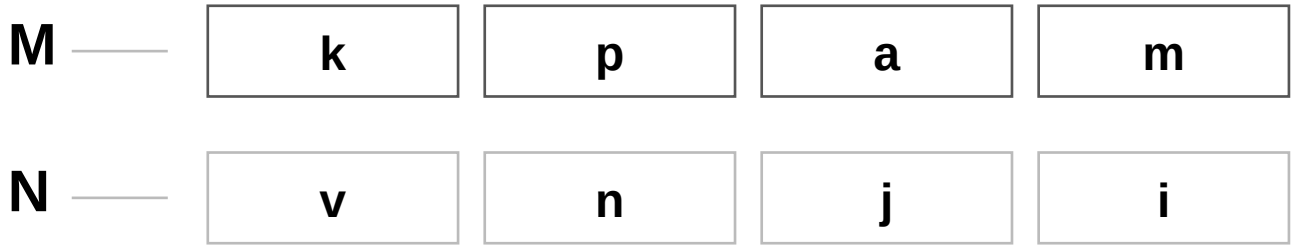

Credit, disclosure and support

By Titus Rupesh. Original wording, exercise sets and vector bridge diagrams were AI-generated and checked by an AI assistant; no human editorial review is claimed. The illustrated display cover is AI-generated. Educational practice, not an assessment or guaranteed learning result. Support: thedailytitus@gmail.com.

Free sample: this guide, Bridge 7 (m and n), and its adult answers. All three pages overlap the full pack.

Bridge 7 | M-m, N-n

1. Draw each capital across the bridge to its lowercase partner.

2. Trace the pale lowercase letters. Then write two on your own.

M: m m m

N: n n n

3. Partner hunt: circle every tile where the capital and lowercase match.

1	2	3	4	5	6
M m	M t	N n	M r	M m	N t

Try more: complete the letter partners.

M - __ **__ - n**

Quick review: write the lowercase partner.

K - _____ **L - _____**

Adult answers | Sample Bridge 7

Choice positions are numbered left to right. Hunt tile positions are numbered 1-6. Handwriting and drawn bridge lines are not scored here; accept recognisable lowercase forms and local school routes.

Bridge 7: M-m, N-n

Match: M -> choice 4 (m); N -> choice 2 (n).

Hunt: circle tiles 1, 3, 5.

Try more blanks: m, N. Review: K-k, L-l.
